**ABOUT ESCP BUSINESS SCHOOL.**

ESCP Business School was founded in 1819. The School has chosen to teach responsible leadership, open to the world and based on European multiculturalism. Six campuses in Berlin, London, Madrid, Paris, Turin and Warsaw are the stepping stones that allow students to experience this European approach to management. Several generations of entrepreneurs and managers were thus trained in the firm belief that the business world may feed society in a positive way. This conviction and ESCP's values - excellence, singularity, creativity and plurality - daily guide our mission and build its pedagogical vision. Every year, ESCP welcomes 9000+ students and 5000 managers from 130 different nationalities. Its strength lies in its many business training programmes, both general and specialised (Bachelor, Master, MBA, Executive MBA, PhD, and Executive Education), all of which include a multi-campus experience.
