London MSc Specialisations Visa Entry Routes

If you are applying to ESCP Business School's **MSc in Marketing & Creativity**, **MSc in Energy Management** or **MSc in Digital Transformation Management & Leadership**, you have an option to choose between two routes in how you enter the UK that consequently lead to different post-study opportunities.

One will make you eligible for the UK post-study visa (via the UK Graduate Immigration Route), and the other for the France post-study visa (via our Standard Route). The table on the next page of this document outlines the key differences between the two routes.
