

Are you passionate about topics related to management education? Then you've come to the right place! The Customized Solutions, Career Development & Company Relations Team at **ESCP Business School, Campus Berlin** is looking for a

Consultancy Project Manager (m/f/d) Full time

Responsibilities

You will work in a cross-functional position at the university, which includes communication with international companies, students, staff, and professors. Within our team, you are responsible for the acquisition and implementation of student consulting projects for companies in the D-A-CH region. The 8-week Company Consulting Projects are a fundamental training component of our Master's and MBA programmes, in which student teams advise a real client. Further information you find here: <https://www.linking-talents.eu/professionals/company-consultancy-project/>

Your tasks include

- Project management and coordination between students, companies, supervisors, and course directors
- Facilitation of the learning journey for our students as well as guidance and support for the project sponsors.
- Acquisition of project sponsors via alumni networks, LinkedIn, Xing, on the phone as well as at the customer's site.
- Evaluation of the project results and further didactic development of the learning format
- Preparation of marketing materials and social media content creation

What you should bring to the table

We are looking for a customer-oriented project manager with passion for education. You are a natural networker with negotiation skills who enjoys implementing projects with students. You have a college degree, business knowledge, and ideally some work experience in a customer-facing role. You enjoy connecting with international students and companies, like approaching people proactively, work in a professional and communicative manner and keep an overview of the whole process. At the same time, you are cordial, roll up your sleeves, and take ownership of your area. As we operate in a very international environment, you should be able to speak and write both German and English at a professional level.

Our offer

We offer an open and trusting working atmosphere in which you can develop your talents and skills. You will be part of an international team and have access to a high-quality network thanks to ESCP's excellent reputation.

- Exciting and multi-faceted tasks on a dynamic and motivated team with opportunities for personal growth
- Remote working options: A lot of creative freedom and space for your own ideas due to flat hierarchies
- Attractive, historic location in Berlin with the possibility of park walks or jogging during the lunch break
- An unlimited contract in an international environment

Does this position sound interesting to you?
